Cloudy

In the morning, I went to the countryside with my mum and dad. I played hide-and-seek happily. I felt happy.

In the afternoon, I went to the park with my mum.

First, I played badminton happily because mum always lost the game. Then, I went jogging sadly because I always fell on the ground. Finally, I had lunch with my mum. The food was delicious. I felt interested.

At night, I went to the shopping centre with my mom and sister. We watched a film in the cinema, I felt scared because the movie was horrible. Finally, we had lunch in the restaurant. The food was delicious. I felt very happy.

What a happy day!
